Visit ministry exhibits before the meeting, or during the meal break!

Dynamic Testimony of God's Grace by Russ and Donia Reeves

On January 26, 2023, Russ began his day, as he did most days, he went for his morning run. While in the midst of the run, everything stopped - including his heart. He also suffered a traumatic brain injury, a stroke, as well as an anoxic brain injury due to lack of oxygen for an extended time.

His story of recovery is miraculous, and demonstrates the power of God on many levels.

Russ was in pastoral ministry for 20 years in Maryland, and North Carolina. At the time of his accident, he was working as a Great Commission Catalyst for the Baptist State Convention of North Carolina. Currently he serves as a supply preacher to area churches.

Plan to stay for the Running to Win Conference!
